Week 3 / Activity 5

07/23/2022

Assessment Description:

Write a Windows Form Application that uses a file dialog control to allow the user to select a file for input, processing the contents of the file as follows:
1. Converts all the words to lower-case.
2. Finds the first and last word alphabetically.
3. Finds the longest word.
4. Finds the word with the most vowels.
Display the above statistics in a text box and write the above statistics to a file; include a screenshot of your program running with successful output.
